Projects

Social Rolls

<https://github.com/KrisSmith7/roll-initiative>

<https://socialrolls.herokuapp.com/>

A Dungeons and Dragons oriented social media site, in which users can keep basic characters and campaign information as well as interact with other users.

Responsible for server setup, models, queries & mutations, and client facing operations. Collaborative effort in which members were involved in almost all development processes.

Used: MERN stack, GraphQL, React Router Dom, Apollo, CSS

CryptoQuotes

<https://github.com/KrisSmith7/cryptoquotes>

<https://krissmith7.github.io/cryptoquotes/>

Fun website in which users can check their gains or losses of certain cryptocurrencies and receive an inspirational quote.

Responsible primarily for api calls and Javascript.

Used: HTML, CSS, Javascript, RESTful API calls
